Interior Décor Update Project

The Pembroke Curling Centre (PCC) plans to undertake an update of its interior to modernize it and make it more inviting for its members, their guests and renters.

The scope of the updates is expected to include facilities on both the upper and lower levels and to be completed in phases, as funds are available.

In 2020, in conjunction with the major project to provide barrier free access and washroom facilities on the main level, there is an opportunity to make a start on the interior design update project – with initial emphasis on the main hall.
